The YPSA committee expresses its appreciation to the ASO/OSE organization, the team and their delegates for their valuable contribution and their support. Your cooperation has enabled us to continue our journey with strength, hope and passion.

THE NEW COMMITTEE

In January 2018 the new committee starts the activities of YPSA to continue the work of the old committee and set up new projects for young Swiss people abroad. At the beginning of March, the new members of the committee will be officially communicated.

An annual report will be released by the old committee as a comprehensive overview on the international activities throughout the last years.

OUR VISION

The Youth Parliament of the Swiss Abroad (YPSA) was founded on the 15th of August 2015 in Geneva.

YPSA aims to create a sense of community and a link to Switzerland for young Swiss people between 15 and 35, currently living abroad or who have lived abroad for more than 10 years.

We as a committee, are looking forward to expand our reach to other continents in order to make YPSA more representative of its members, who reside in more than 22 nations across six continents.

Furthermore, the committee aims to raise awareness of the needs of the young Swiss Abroad, to promote activities, to provide information, and organize youth conferences.

We hope to aid young Swiss abroad in relating to their roots, encouraging debates and involvement within the political life.

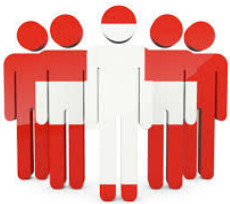

SOME OF OUR FUTURE OBJECTIVES

- **Cooperation with ASO:** YPSA works closely with ASO to develop its projects. The support from ASO is fundamental for us!

- **ASO Communication Channels:** The committee is looking forward to initiate a regular contribution to the Revue Suisse, and the official communication Channels of the ASO to effectively reach the young Swiss abroad.

- Further development of the **Youth Parliaments** abroad and communities of young Swiss abroad. YPSA will pursue the expansion of the international network through the cooperation primarily with the ASO/OSE, the EDA, the Swiss Clubs networks and the local Swiss institutions abroad: **a local strong community is fundamental.**

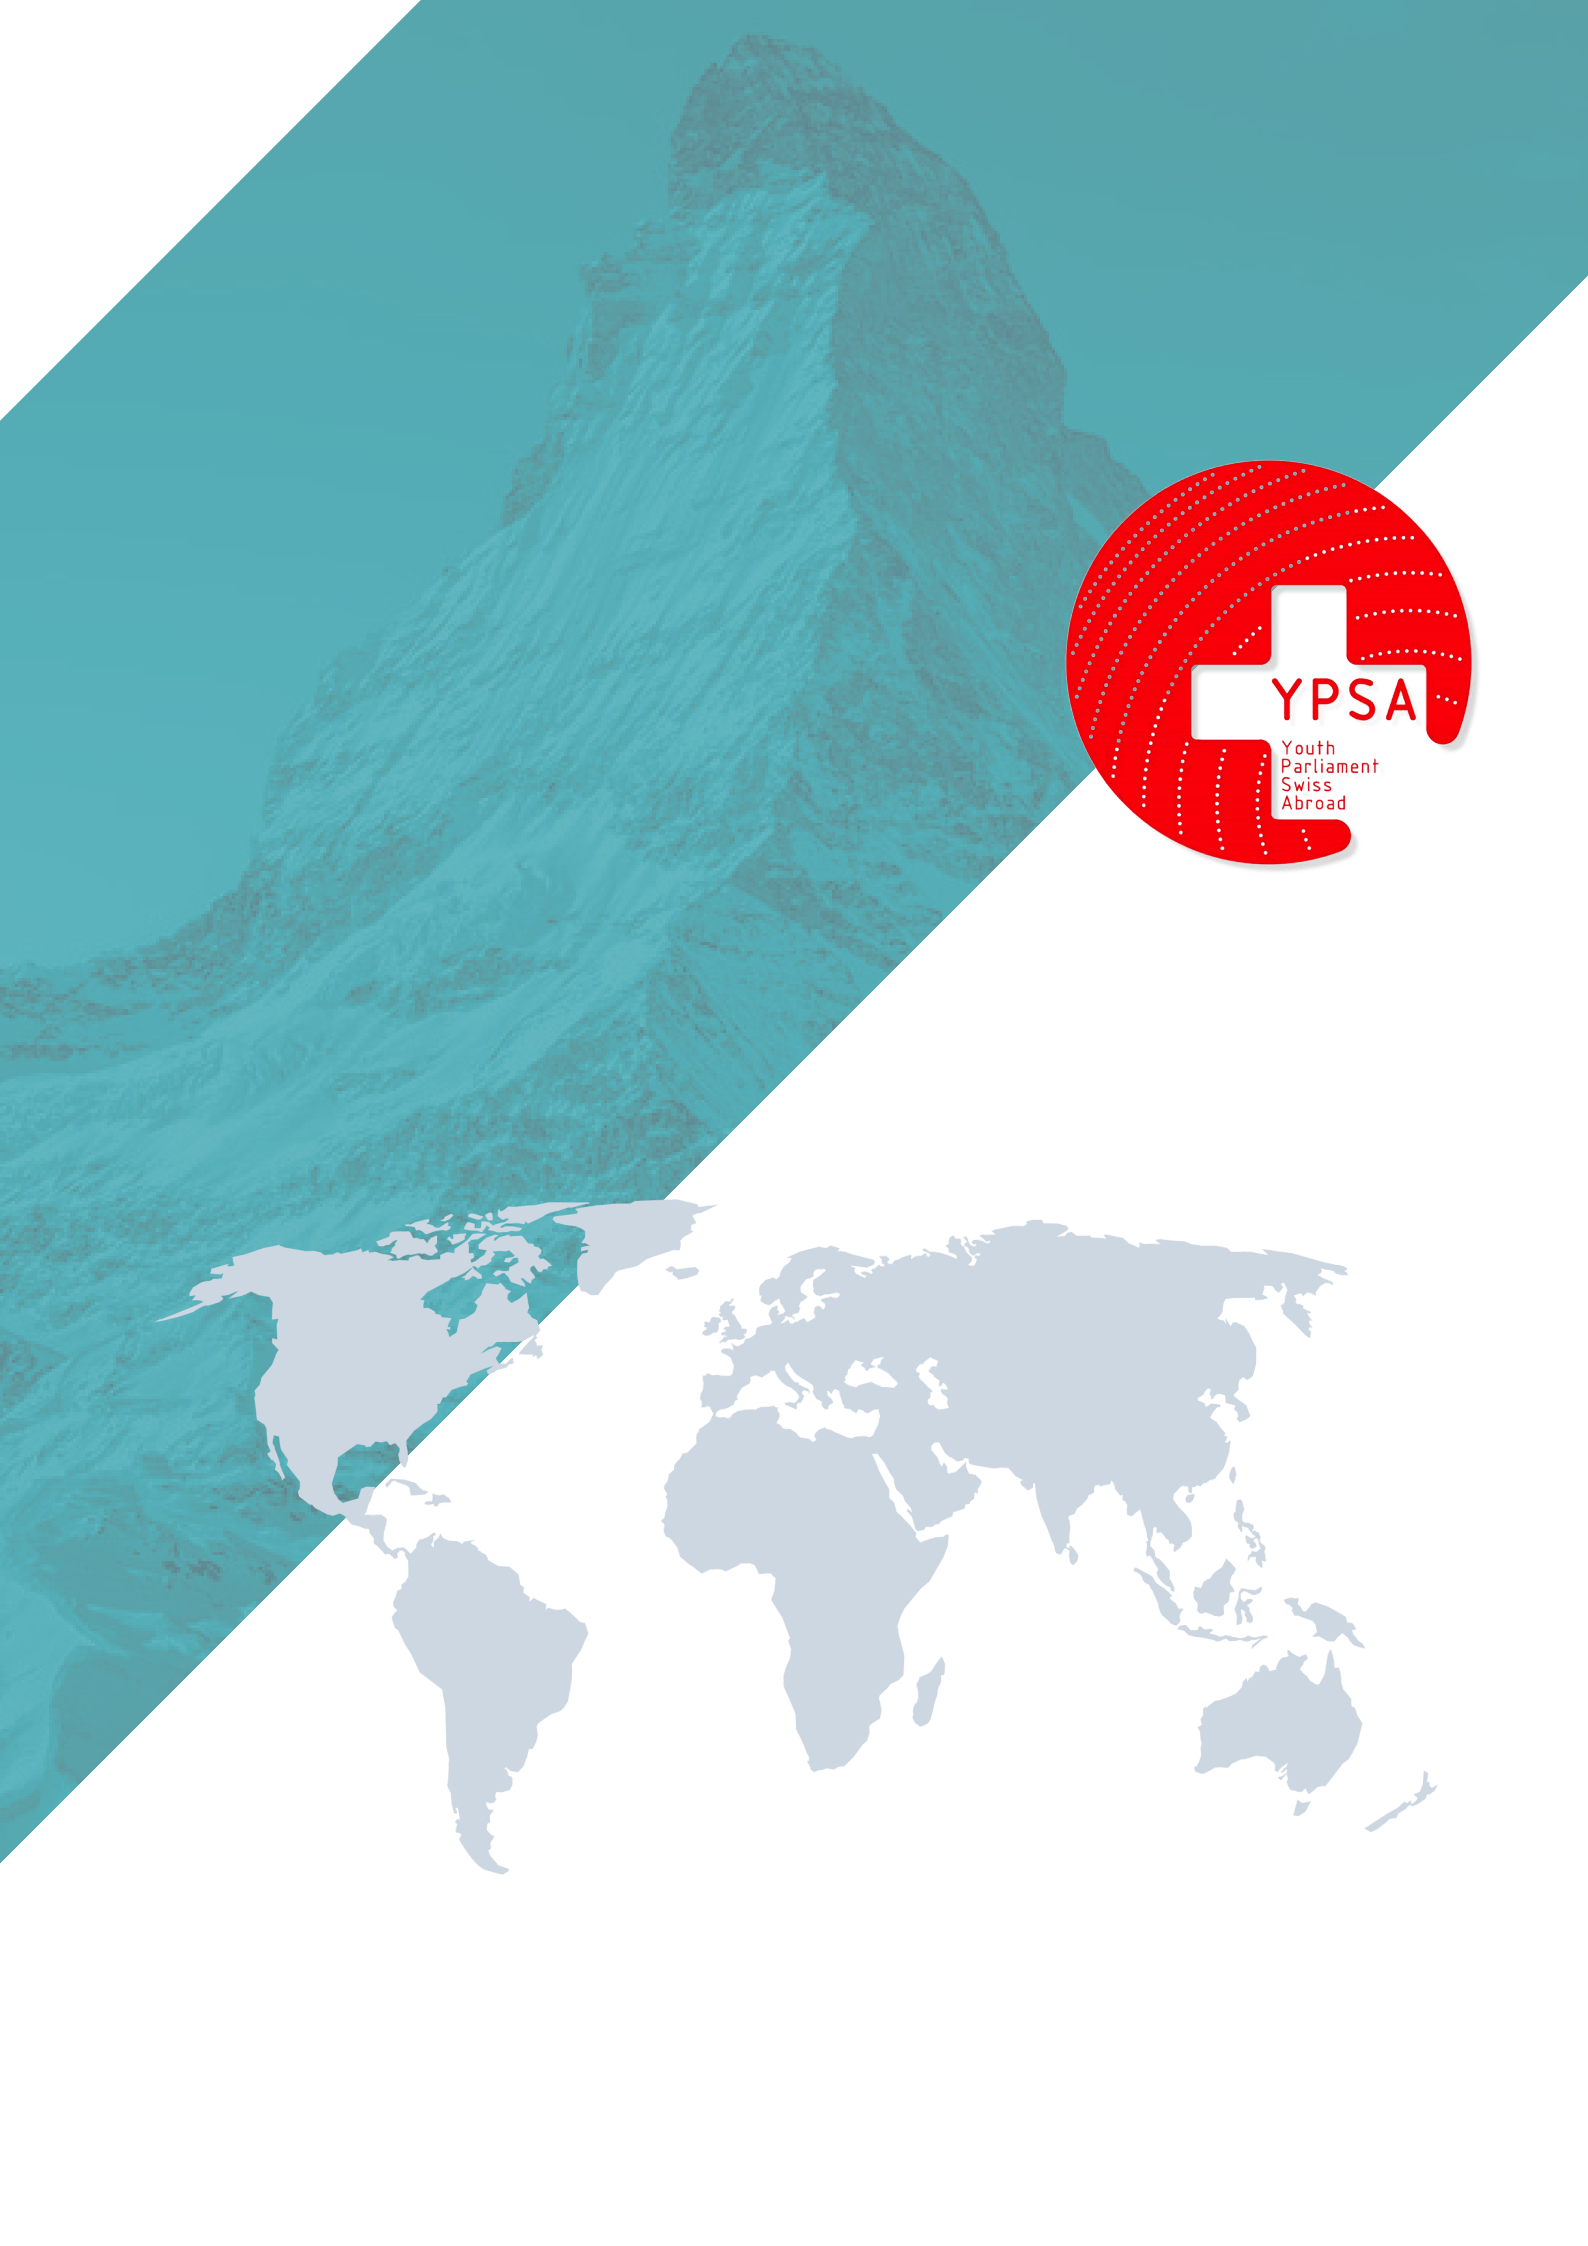

- **Website Launch:** YPSA is happy to announce the new website, an online space open to the young Swiss abroad, to share, inform and get informed. Visit us on: www.ypsa.ch

- **Social Media:** YPSA will improve the communication with the social media channels implementing the activity of the Facebook page and the dedicated Facebook Group. YPSA will launch several Contests and an interactive columnne (such as the “Did you know” articles). The committee will set up a working group to take care about this.
